

# OPERATIONS:

The operation of your newly purchased KIDDEVOICE™ system is simple in its operation. The system is activated each time the ignition is turned on and then back off. The KIDDEVOICE™ will begin to prompt the driver of the vehicle to check the bus, car, van, etc... for passengers.

During the unloading of the passengers the voice message will begin and continue for approximately 5 minutes before the alarm sound. To shut down the system, press and hold the reset button for 5 seconds before releasing.

This is the only way to disable the unit. The driver must walk to the back of the vehicle and press the reset for 5 seconds. This process must be completed each time the vehicle ignition is turned on and off.

## RESET BUTTON: (Driver Functions Only)

### ADMINISTRATIVE FUNCTIONS ONLY!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

VALET MODE: TO PLACE UNIT IN THE VALET MODE INSERT THE SPECIAL KEY IN THE BACK OF THE VOICE SPEAKER AND TURN THE KEY BACK TO A 12:00 O CLOCK POSITION AND REMOVE. TO TAKE OUT OF VALET MODE RE-INSERT THE SPECIAL KEY AND TURN TO THE 3:00 O'CLOCK POSITION AND THEN REMOVE.
